

## Initial set-up – 3 Steps

### STEP 1:

Check that you have received all the duo.Xpressions parts:

- Frame with the studs on each node
- Bag of O-rings
- Kit of fabric skins (with a 3D rendering explaining the positioning of each skin)

### STEP 2:

Unfold the frame with the adjustable feet on the ground.

### STEP 3:

Attach all the graphics as in the 3D rendering. Then place the O-rings to prevent the graphics from twisting.

# duo.Xpressions

Image carrier

To catch the eye • to hold the attention • to enhance the effect • to tease the curiosity  
► Let the graphic speak for itself and convey the message

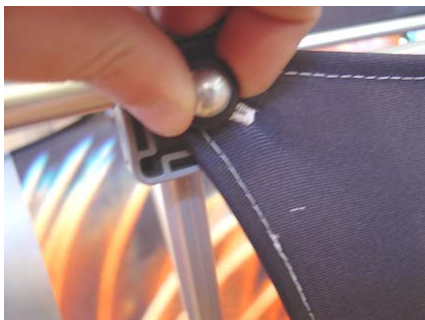

## Fold and unfold of the frame:

- Always lean the frame toward the ground and check that no graphic prevents the frame from opening correctly.
- To unfold the frame, put one hand in the middle of the frame and push towards the floor.

## Change graphics

- Take off the O-ring where you want to replace the graphic.
- Attach the graphic and put back the O-ring.

**Lifetime Warranty on the frame.**
